Hunslet Carr Primary School recognises that the efficient management of its records is necessary to comply with its legal and regulatory obligations and to contribute to the effective overall management of the school. This document provides the policy framework through which this effective management can be achieved and audited.

### **Scope of the Policy**

This policy applies to all records created, received or maintained by staff at the school in the course of carrying out its functions.

- Records are defined as all those documents which facilitate the business carried out by the school and which are thereafter retained (for a set period) to provide evidence of its transactions or activities. These records may be created, received or maintained in hard copy or electronically.
- A small percentage of the school's records will be selected for permanent preservation as part of the institution's archives and for historical research.

### **Responsibilities**

- The school has a corporate responsibility to maintain its records and record keeping systems in accordance with the regulatory environment. The Headteacher has overall responsibility for this policy.
- The person responsible for records management in the school will give guidance for good records management practice and will promote compliance with this policy so that information will be retrieved easily, appropriately and timely.
- Individual staff and employees must ensure that records for which they are responsible are accurate, and are maintained and disposed of in accordance with the school's records management guidelines.

### **Relationship with Existing Policies**

This policy has been drawn up within the context of:

- Freedom of Information Policy.
- Data Protection Policy
- and with other legislation or regulations (including audit, equal opportunities and ethics) affecting the school.

### **Safe Disposal of Records**

Where records have been identified for destruction they will be disposed of in an appropriate way.

For example, we will shred or incinerate paper-based records, and overwrite or delete electronic files. We may also use a third party to safely dispose of records on the school's behalf. If we do so, we will require the third party to provide sufficient guarantees that it complies with data protection law.

### **Transfer of Information**

Where lengthy retention periods have been allocated to records, members of staff may wish to consider converting paper records to other media. The lifespan of the media and the ability to migrate data where necessary should always be considered.

### **School Closures**

Should the school close there will be records which will need to be stored until they work out their statutory retention periods.

It is the responsibility of the Local Authority to manage these records until they have reached the end of their administrative life and to arrange for their disposal when appropriate. There may be a number of different reasons why a school has closed and this may affect where the records need to be stored.

If the school has been closed and the site is being sold or reallocated to other use then the LA

- should take responsibility for the records from the date the school closes.
- If two schools have merged onto one site and then function as one school, it is sensible to retain all the records relating to the two schools on the one site.
- If Hunslet Carr Primary School closes and subsequently becomes an Academy, the records relating to the current pupil intake will be transferred to the Academy, but all other records become the responsibility of the LA.

### **Retention Guidelines**

The following retention guidelines have been issued by the Management Society of Great Britain 'Retention Guidelines for Schools'. Some of the retention periods are governed by statute. Others are guidelines following best practice. Every effort has been made to ensure that these retention periods are compliant with the requirements of the Data Protection Act 1998\* and the Freedom of

Information Act 2000. Managing record series using these retention guidelines will be deemed to be 'normal processing' under the legislation mentioned above. If record series are to be kept for longer or shorter periods than laid out in this document the reasons for this need to be documented.

<b>Child Protection</b>					
<b>Basic file description</b>	<b>Data Protection Issues</b>	<b>Statutory Provisions</b>	<b>Retention Period</b>	<b>Action at the end of the administrative life of the record</b>	
Child Protection files	Yes	Education Act 2002, related guidance "Safeguarding Children in Education", 2015	Retain whilst the child remains at the primary school	PASS SECURELY TO NEW SCHOOL	Child Protection information must be sent under separate cover to new school and proof of transfer obtained. Where a child is removed from roll to be educated at home, the file should be copied to the Local Authority. A copy of any chronology may be kept until the child reaches the age of 25.
Allegation of a child protection nature against a member of staff, including where the allegation is unfounded	Yes	Employment Practices Code: Supplementary Guidance 2.13.1 (Records of Disciplinary and Grievance) Education Act 2002 guidance "Dealing with Allegations of Abuse against Teachers and Other Staff" November 2005	Until the person's normal retirement age or 10 years from the date of the allegation whichever is the longer then REVIEW. Note allegations that are found to be malicious should be removed from personnel files. If found they are to be kept on the file and a copy provided to the person concerned	DESTROY	The following is an extract from "Safeguarding Children and Safer Recruitment in Education" p60:  "Record Keeping 5.10 It is important that a clear and comprehensive summary of any allegations made, details of how the allegation was followed up and resolved, and a note of any action taken and decisions reached, is kept on a person's confidential personnel file, and a copy provided to the person concerned. The purpose of the record is to enable accurate information to be given in response to any future request for a reference if the person has moved on. It will provide clarification in cases where a future DBS Disclosure reveals information from the police about an allegation that did not result in a criminal conviction. And it will help to

prevent unnecessary reinvestigation if, as sometimes happens, an allegation re-surfaces after a period of time. The record should be retained at least until the person has reached normal retirement age or for a period of 10 years from the date of the allegation if that is longer."

Pupil's Educational Record required by The Education (Pupil Information England) Regulations 2005	Yes	The Education (Pupil Information) (England) Regulations 2005 SI 2005 No. 1437	Retain whilst the child remains at the primary school	The file should follow the pupil when he/she leaves the primary school. This will include: to another primary school to a secondary school or to a pupil referral unit. If the pupil dies whilst at primary school the file should be returned to the Local Authority to be retained for the statutory retention period. If the pupil transfers to an independent school, transfers to home schooling or leaves the country the file should be returned to the Local Authority to be retained for the statutory retention period. Primary Schools do not ordinarily have sufficient storage space to store records for pupils who have not transferred in the normal way. It makes more sense to transfer the record to the Local Authority as it is more likely that the pupil will request the record from the Local Authority	
Special Educational Needs files, reviews and Individual Education Plans	Yes	Limitation Act 1980 (Section 2)	DOB of the pupil + 25 years	REVIEW NOTE: This retention period is the minimum retention period that any pupil file should be kept. Some authorities choose to keep SEN files for a longer period of time to defend themselves in a "failure to	

				provide a sufficient education" case. There is an element of business risk analysis involved in any decision to keep the records longer than the minimum retention period and this should be documented.
