## PRIMARY MATHS SERIES SCHEME OF WORK - YEAR 1

This scheme of work is taken from the Maths - No Problem! Primary Maths Series, which is fully aligned with the 2014 English national curriculum for maths. It outlines the content and topic order of the series and indicates the level of depth needed to teach maths for mastery. It can also help you and your school to plan and monitor progress.

## A TRIED AND TESTED STRUCTURE

Unlike many free schemes of work, the Maths - No Problem! syllabus is based on the model developed in Singapore, which has been tested and refined over the last 30 years.

- Founded on the learning theories of Piaget, Dienes, Bruner, Skemp and Vygotsky.
- Adapted from the New Syllabus Primary Mathematics Series and approved by the Ministry of Education in Singapore.
- Co-authored by Dr Yeap Ban Har, a world-recognised expert in Singapore maths teaching.
- Fully aligned with the 2014 English national curriculum for maths.

## HOW TO USE OUR SCHEME OF WORK

Our scheme of work demonstrates the spiral approach used in our programme, which builds pupils' depth of understanding and mathematical fluency without the need for rote learning. Learning is presented in small-step, logical sequences organised into individual lessons with a title indicating the focus of learning for that lesson. The sequence of lessons is carefully organised with clear lines of progression.

This scheme of work provides:

- An overview of the national curriculum topics covered during the school year by term.
- A full lesson breakdown for each national curriculum topic and the learning objective for each lesson.

The topics are colour coded to reflect the national curriculum content domain strands. This also allows you to see when the different topics are introduced and revisited.

Please note that the time allocated to each topic is only provided as a guide and is not meant to be prescriptive. The concepts are broken down into a number of lessons, which offer small-step progression for the most struggling of learners. As such, teachers can use their professional judgement to combine two consecutive lessons into one session as appropriate for their learners. Though teachers can merge lessons within a chapter, we do not recommend skipping or combining chapters.

## WHAT OTHER SUPPORT IS AVAILABLE

The scheme of work provides a researched structure, which is ideal for teachers who are confident teaching maths for mastery and have received Maths - No Problem! professional development.

Schools that don't always have the time to create their own lesson content should consider using our Primary Maths Series textbooks and workbooks. The series provides carefully varied exercises, which are designed to deepen pupils' understanding, and is complemented by an online Teacher Guide, which provides a step-by-step guide to each lesson, including assessment and differentiation support.

## PRIMARY MATHS SERIES - YEAR 1 AT A GLANCE

|  | AUTUMN TERM | SPRING TERM | SUMMER TERM |
| :---: | :---: | :---: | :---: |
| Week 1 | Number and Place Value: | Calculations: Addition and Subtraction within 20 LESSON BREAKDOWN | Calculations: Multiplication LESSON BREAKDOWN |
| Week 2 | LESSON BREAKDOWN | Geometry - Properties of Shape: Shapes and Patterns | Calculations: Division LESSON BREAKDOWN |
| Week 3 | Calculations: Addition and Subtraction LESSON BREAKDOWN | LESSON BREAKDOWN | Fractions: Fractions LESSON BREAKDOWN |
| Week 4 |  | and Height LESSON BREAKDOWN | Number and Place Value: Numbers to 100 |
| Week 5 |  | Revision and Mid-year (A) Tests | LESSON Breakdo |
| Week 6 |  | Review and Remediation | Measurement: Time LESSON BREAKDOWN |
| Week 7 |  |  | Measurement: Money LESSON BREAKDOWN |
| Week 8 | Geometry - Position and Direction: Positions LESSON BREAKDOWN | Number and Place Value: Numbers to 40 LESSON BREAKDOWN | Measurement: Volume and Capacity LESSON BREAKDOWN |
| Week 9 |  |  | Measurement: Mass LESSON BREAKDOWN |
| Week 10 | Number and Place Value: Numbers to 20 LESSONBREAKDOWN | Calculations: Addition and Subtraction LESSON BREAKDOWN | Geometry - Position and Direction: Space LESSON BREAKDOWN |
| Week 11 | Calculations: Addition and Subtraction within 20 LESSON BREAKDOWN |  | Revision and End-of-year (B) Tests |
| Week 12 |  | Calculations: Multiplication LESSON BREAKDOWN | Review and Remediation |

## PRIMARY MATHS SERIES - YEAR 1 LESSON BREAKDOWN

## AUTUMN TERM - TEXTBOOK 1A

| Maths - No Problem! Book Reference | Lesson Name | Lesson Objective |
| :---: | :---: | :---: |
| Chapter 1 <br> - Numbers to 10 | Lesson 1 - Counting to 10 | To be able to count numbers to 10 accurately - forward and backward. |
|  | Lesson 2 - Counting Objects to 10 | To be able to count similar objects up to 10 with accuracy and fluency. |
|  | Lesson 3 - Writing to 10 | To be able to write all numbers to 10 with numerals and in words; to count only objects of the same name in a group. |
|  | Lesson 4 - Counting to Zero | To be able to understand what zero represents and use it when counting. |
|  | Lesson 5 - Comparing Number of Objects | To be able to compare different sets of objects and say which one has fewer, more or is equal. |
|  | Lesson 6 - Ordering Numbers | To be able to order numbers to 10 and know which number is greater or is lesser in value. |
|  | Lesson 7 - Comparing Numbers | To compare numbers using the terms ' 1 more' and ' 1 less'. |
|  | Chapter consolidation | To practise various concepts that were covered in the chapter, from writing the numbers in words to consolidating the correct value of digits. |
|  | 2 consolidation days | To be used if lessons take longer than expected or a topic needs to be revisited. |

## PRIMARY MATHS SERIES - YEAR 1 LESSON BREAKDOWN

## AUTUMN TERM - TEXTBOOK 1A

| Maths - No Problem! Book Reference | Lesson Name | Lesson Objective |
| :---: | :---: | :---: |
| Chapter 2 <br> - Number Bonds | Lesson 1 - Making Number Bonds | To understand that a number is made up of other numbers; to find as many ways possible to contruct a number. |
|  | Lesson 2 - Making Number Stories | To use number bonds for storytelling. |
|  | Chapter consolidation | To practise various concepts that were covered in the chapter. |
|  | 2 consolidation days | To be used if lessons take longer than expected or a topic needs to be revisited. |
| Chapter 3 <br> - Addition Within 10 | Lesson 1 - Add by Using Number Bonds | To be able to add two different numbers within 10 . Pupils will become familiar with the different vocabulary associated with addition. |
|  | Lesson 2 - Add by Counting On | To add by counting on. |
|  | Lesson 3 - Completing Number Sentences | To complete number sentences and gain an understanding of inverse operations. |
|  | Lesson 4 - Making Addition Stories | To be able to make addition stories using correct vocabulary. |
|  | Lesson 5 - Solving Picture Problems | To be able to solve addition problems through pictures. |
|  | Chapter consolidation | Maths journal and reflection of learning throughout the chapter. |
|  | 3 consolidation days | To be used if lessons take longer than expected or a topic needs to be revisited. |
| Chapter 4 <br> - Subtraction within 10 | Lesson 1 - Subtract by Crossing Out | To understand that subtraction can be done by crossing out or taking away. |
|  | Lesson 2 - Subtracting by Using Number Bonds | To be able to subtract using number bonds. |
|  | Lesson 3 - Subtract by Counting Back | To be able to solve a subtraction equation by counting back, using a number line as support. |
|  | Lesson 4 - Making Subtraction Stories | To be able to make subtraction sentences. |
|  | Lesson 5 - Solving Picture Problems | To be able to solve picture problems involving subtraction. |
|  | Lesson 6-Addition and Subtraction | To solve problems in the context of addition and subtraction and to find the corresponding number families. |
|  | Chapter consolidation | To consolidate the learning of subtraction equations and fact families. |
|  | 4 consolidation days | To be used if lessons take longer than expected or a topic needs to be revisited. |

## PRIMARY MATHS SERIES - YEAR 1 LESSON BREAKDOWN

## AUTUMN TERM - TEXTBOOK 1A

Geometry - Position and Direction: Positions

| Maths - No Problem! <br> Book Reference | Lesson Name | Lesson Objective |
| :--- | :--- | :--- |
| Chapter 5 <br> - Positions | Lesson 1 - Naming Positions | To learn the appropriate positional language (ordinal numbers) for up to 10 positions. |
|  | Lesson 2 - Naming Positions <br> in Queues | To be able to name the positions in a queue. |
|  | Lesson 3-Naming Left <br> and Right Positions | To able to name positions, including left and right. |
|  | Chapter consolidation | To consolidate the learning of positional language. |

## PRIMARY MATHS SERIES - YEAR 1 LESSON BREAKDOWN

## AUTUMN TERM - TEXTBOOK 1A

| Maths - No Problem! Book Reference | Lesson Name | Lesson Objective |
| :---: | :---: | :---: |
| Chapter 6 <br> - Numbers to 20 | Lesson 1 - Counting to 20 | To count numbers up to 20. The key strategy is to begin by making 10. |
|  | Lesson 2 - Writing to 20 | To recognise, read and write numbers up to 20 in words and numerals. |
|  | Lesson 3 - Comparing Numbers | To use the terms 'greater than' or 'less than' to compare numbers within 20. |
|  | Lesson 4 - Ordering Numbers | To be able to arrange numbers up to 20 in ascending and descending order. |
|  | Lesson 5 - Number Patterns | To look for patterns with numbers up to 20, focusing on one more and one less than a number. |
|  | Chapter consolidation | To practise various concepts that were covered in the chapter. |
|  | 4 consolidation days | To be used if lessons take longer than expected or a topic needs to be revisited. |

## PRIMARY MATHS SERIES - YEAR 1 LESSON BREAKDOWN

## AUTUMN TERM - TEXTBOOK 1A

Calculations: Addition and Subtraction within 20

| Maths - No Problem! <br> Book Reference | Lesson Name | Lesson Objective |
| :--- | :--- | :--- |
| Chapter 7 <br> - Addition and <br> Subtraction <br> within 20 | Lesson 1 - Add by Counting On | To learn to add by counting on from the largest number. |
| Lessons 1-5 | Lesson 2 - Add by Making 10 | To add to numbers by first making 10 and then adding on the remainder. |
|  | Lesson 3 - Add by Adding Ones <br> by Counting Back | To add by separating the ones and ten. This enables pupils to add the sum of the ones to the ten. |
|  | Lesson 5-Subtract <br> by Subtracting Ones | To learn how to subtract by counting back from the largest number. |

## PRIMARY MATHS SERIES - YEAR 1 LESSON BREAKDOWN

## SPRING TERM - TEXTBOOK 1A

## Calculations: Addition and Subtraction within 20

| Maths - No Problem! <br> Book Reference | Lesson Name | Lesson Objective |
| :--- | :--- | :--- |
| Chapter 7 <br> - Addition and <br> Subtraction <br> within 20 | 2 revision days | To revisit lessons 1-5. |
| Lessons 6-7 | Lesson 7-Addition and <br> Subtraction Facts | To subtract a certain amount of ones from 10 rather than from the ones, as there are not enough ones. |
|  | Chapter consolidation | To po through number facts derived from addition and subtraction sentences. |

## PRIMARY MATHS SERIES - YEAR 1 LESSON BREAKDOWN

## SPRING TERM - TEXTBOOK 1A

## Geometry - Properties of Shapes: Shapes and Patters

| Maths - No Problem! <br> Book Reference | Lesson Name | Lesson Objective |
| :--- | :--- | :--- |
| Chapter 8 |  |  |
| - Shapes and Patterns | Lesson 1 - Recognising Solids | To recognise four basic 3-D solid shapes: spheres, cubes, cuboids and pyramids. |
|  | Lesson 2 - Recognising Shapes | To recognise 2-D shapes in the everyday environment. |
|  | Lesson 3-Grouping Shapes | To be able to group shapes using different criteria. |
|  | Lesson 4 - Making Patterns | To make patterns using common 2-D shapes. |
|  | Chapter consolidation | To practise various concepts covered in the chapter. |
|  | 2 days consolidation | To be used if lessons take longer than expected or a topic needs to be revisited. |

## PRIMARY MATHS SERIES - YEAR 1 LESSON BREAKDOWN

SPRING TERM - TEXTBOOK 1A
Measurement: Length and Height

| Maths - No Problem! Book Reference | Lesson Name | Lesson Objective |
| :---: | :---: | :---: |
| Chapter 9 <br> - Length and Height | Lesson 1 - Comparing Height and Length | To compare height and length by using key terminology. |
|  | Lesson 2 - Measuring Length Using Things | To be able to measure objects using other items, such as pencils or books. |
|  | Lesson 3 - Measuring Height and Length Using Body Parts | To be able to measure items using other things - parts of the body in particular. |
|  | Lesson 4 - Measuring Height and Length Using a Ruler | To introduce the concept of using rulers for measuring. |
|  | Chapter consolidation | To practise various concepts covered in the chapter. |
|  | 2 consolidation days | To be used if lessons take longer than expected or a topic needs to be revisited. |
| Week 5 | REVISION AND MID-YEAR (A) TESTS |  |
| Weeks 6 and 7 | REVIEW AND REMEDIATION |  |

## PRIMARY MATHS SERIES - YEAR 1 LESSON BREAKDOWN

| SPRING TERM - TEXTBOOK 1B |  |  |
| :---: | :---: | :---: |
| Number and Place Value: Numbers to 40 |  |  |
| Maths - No Problem! Book Reference | Lesson Name | Lesson Objective |
| Chapter 10 <br> - Numbers to 40 | Lesson 1 - Counting to 40 | To use the making 10 strategy to count numbers above 10; to represent numbers on a number line. |
|  | Lesson 2 - Writing Numbers to 40 | To use the ten-frame method of organisation and place-value cards to assist pupils in writing numbers to 40 ; to encourage multiple ways of counting, including counting by 2,5 and 10 . |
|  | Lesson 3 - Counting in Tens and Ones | To understand that digits represent tens and ones; to represent numbers using Base 10 materials and numbers. |
|  | Lesson 4 - Comparing Numbers | To use place value to compare two or three numbers and determine which number is bigger/smaller; to arrange three numbers in order of size. |
|  | Lesson 5 - Finding How Much More | To compare numbers using number bonds, 100-squares and number lines to determine how much more/less. |
|  | Lesson 6 - Making Number Patterns | To observe and use number patterns; to see number lines in conjunction with number squares in order to create visual proportionality. |
|  | Chapter consolidation | To practise various concepts covered in the chapter. |
|  | 3 consolidation days | To be used if lessons take longer than expected or a topic needs to be revisited. |

## PRIMARY MATHS SERIES - YEAR 1 LESSON BREAKDOWN

| SPRING TERM - TEXTBOOK 1B |  |  |
| :--- | :--- | :--- |
| Calculations: Addition and Subtraction Word Problems |  |  |
| Maths - No Problem! <br> Book Reference | Lesson Name | Lesson Objective |
| Chapter 11 <br> - Addition and <br> Subtraction <br> Word Problems | Lesson 1-Solving Word Problems | To decide whether addition or subtraction is the most appropriate operation; to use and apply number bonds and visual <br> representations to solve word problems. |
|  | Lesson 2-Solving Word Problems | To use and apply concepts of how many more and how many fewer/less; to apply number bonds and the guess-and-check <br> method to solve word problems. |
|  | Lesson 3-Solving Word Problems | To develop number sentences based on word problems; to improve the use of number bonds and one-to-one bar model <br> representations to suit the question. |
|  | Lesson 5-Solving Word Problems | To use visual representations and patterns to solve word problems; to develop precision in model drawing to recognise <br> Limilarities and differences. |
|  | Lesson 6-Solving Word Problems | To apply addition and subtraction to multi-step word problems; to use number bonds to make 10 when adding. |
| Chansolidation | To practise various concepts covered in the chapter. |  |

## PRIMARY MATHS SERIES - YEAR 1 LESSON BREAKDOWN

| SPRING TERM - TEXTBOOK 1B |  |  |
| :---: | :---: | :---: |
| Calculations: Multiplication |  |  |
| Maths - No Problem! Book Reference | Lesson Name | Lesson Objective |
| Chapter 12 <br> - Multiplication | Lesson 1 - Making Equal Groups | To identify equal groupings as the first step in multiplying; to reinforce the idea that the arrangement of objects does not impact on the number of objects. |
|  | Lesson 2 - Adding Equal Groups | To understand we can count groups of the same quantity more efficiently; to find multiple ways of counting groups of the same quantity. |
|  | Lesson 3 - Making Equal Rows | To organise objects into equal rows in order to begin counting equal numbers efficiently. |
|  | Lesson 4 - Making Doubles | To understand that doubling is creating an identical number to the one you started with; to understand that doubling is the same as saying two groups of the same amount. |
|  | 1 consolidation day | To be used if lessons take longer than expected or a topic needs to be revisited. |

## PRIMARY MATHS SERIES - YEAR 1 LESSON BREAKDOWN

| SUMMER TERM - TEXTBOOK 1B |  |  |
| :--- | :--- | :--- |
| Calculations: Multiplication |  |  |
| Maths - No Problem! <br> Book Reference | Lesson Name | Lesson Objective |
| Chapter 12 <br> - Multiplication | 2 revision days | To revisit lessons 1-4. |
|  | Lesson 5 - Solving Word Problems | To solve word problems using equal groupings as the basis for multiplication. |
|  | Chapter consolidation | To practise various concepts that were covered in the chapter. |
|  | To be used if lessons take longer than expected or a topic needs to be revisited. |  |

## PRIMARY MATHS SERIES - YEAR 1 LESSON BREAKDOWN

| SUMMER TERM | - TEXTBOOK 1B |  |
| :--- | :--- | :--- |
| Calculations: Division | Lesson Objective |  |
| Maths - No Problem! <br> Book Reference | Lesson Name | To understand how to divide even numbers into equal groups using concrete materials; to determine how many groups will be <br> created from sharing equally. |
| Chapter 13 <br> - Division | Lesson 1-Grouping Equally | To understand how to divide even numbers equally into groups; to determine how many objects will be included in each group in <br> order to share equally. |
|  | Lesson 2-Sharing Equally | To practise various concepts covered in the chapter. |
|  | Chapter consolidation | 2 consolidation days |

## PRIMARY MATHS SERIES - YEAR 1 LESSON BREAKDOWN

| SUMMER TERM - TEXTBOOK 1B |  |  |
| :---: | :---: | :---: |
| Fractions: Fractions |  |  |
| Maths - No Problem! Book Reference | Lesson Name | Lesson Objective |
| Chapter 14 <br> - Fractions | Lesson 1 - Making Halves | To split an object (shape) into two equal parts; to identify shapes that have been split into two equal parts. |
|  | Lesson 2 - Making Quarters | To split an object (shape) into four equal parts; to identify shapes that have been split into four equal parts. |
|  | Lesson 3 - Sharing and Grouping | To share and group objects into halves and quarters; to determine half of a number and a quarter of a number. |
|  | Chapter consolidation | To practise various concepts covered in the chapter. |
|  | 1 consolidation day | To be used if lessons take longer than expected or a topic needs to be revisited. |

## PRIMARY MATHS SERIES - YEAR 1 LESSON BREAKDOWN

| SUMMER TERM - TEXTBOOK 1B |  |  |
| :---: | :---: | :---: |
| Number and Place Value: Numbers to 100 |  |  |
| Maths - No Problem! Book Reference | Lesson Name | Lesson Objective |
| Chapter 15 <br> - Numbers to 100 | Lesson 1 - Counting to 100 | To count in sequences of 10 followed by counting ones; to increase confidence with number lines and Base 10 materials in order to count numbers to 100 . |
|  | Lesson 2 - Finding Tens and Ones | To understand the value of the tens and ones digits in a number; to use multiple methods of representing and constructing a number. |
|  | Lesson 3 - Comparing Numbers | To review and extend skills and strategies related to number comparison; to place numbers in order from smallest to greatest and vice versa. |
|  | Lesson 4 - Making Number Patterns | To see patterns of numbers when increasing or decreasing by 1,2 or 5 ; to use a number line, a 100-chart and Base 10 materials to represent numbers. |
|  | Chapter consolidation | To practise various concepts covered in the chapter. |
|  | 2 consolidation days | To be used if lessons take longer than expected or a topic needs to be revisited. |

## PRIMARY MATHS SERIES - YEAR 1 LESSON BREAKDOWN

| SUMMER TERM - TEXTBOOK 1B |  |  |
| :---: | :---: | :---: |
| Measurement: Time |  |  |
| Maths - No Problem! Book Reference | Lesson Name | Lesson Objective |
| $\begin{aligned} & \text { Chapter } 16 \\ & \text { - Time } \end{aligned}$ | Lesson 1 - Telling Time to the Hour | To develop familiarity with the analogue clock, including the minute and hour hands; to tell time to the hour on an analogue clock. |
|  | Lesson 2 - Telling Time to the Half Hour | To improve familiarity with the analogue clock; to tell time to the half hour using the term 'half past.' |
|  | Lesson 3 - Using Next, Before and After | To sequence events in order of time; to use the terms 'next', 'before' and 'after' to describe the order of events. |
|  | Lesson 4 - Estimating Duration of Time | To estimate an amount of time using seconds, minutes and hours. |
|  | Lesson 5 - Comparing Time | To use the terms 'quicker', 'slower', 'earlier' and 'later' when comparing time. |
|  | Lesson 6 - Using a Calendar | To learn the days of the week and the months of the year and to be able to put them in the correct order. |
|  | Chapter consolidation | To practise various concepts covered in the chapter. |
|  | 1 consolidation day | To be used if lessons take longer than expected or a topic needs to be revisited. |

## PRIMARY MATHS SERIES - YEAR 1 LESSON BREAKDOWN

| SUMMER TERM | - TEXTBOOK 1B |  |
| :--- | :--- | :--- |
| Measurement: Money | Lesson Objective |  |
| Maths - No Problem! <br> Book Reference | Lesson Name | To recognise coins and determine their value using size, colour, markings and shape. |
| Chapter 17 <br> - Money | Lesson 1-Recognising Coins | To recognise notes and determine their value using colour and markings. |
|  | Lesson 2 - Recognising Notes | Chapter consolidation |
|  | 2 consolidation days | To be used if lessons take longer than expected or a topic needs to be revisited. |

## PRIMARY MATHS SERIES - YEAR 1 LESSON BREAKDOWN

| SUMMER TERM - TEXTBOOK 1B |  |  |
| :---: | :---: | :---: |
| Measurement: Volume and Capacity |  |  |
| Maths - No Problem! Book Reference | Lesson Name | Lesson Objective |
| Chapter 18 <br> - Volume and Capacity | Lesson 1 - Comparing Volume and Capacity | To compare volume and capacity using the terms 'more than' and 'less than', 'full' and 'empty'. |
|  | Lesson 2 - Finding Volume and Capacity | To find the volume and capacity of a container using non-standard ones. |
|  | Lesson 3 - Describing Volume Using Half and a Quarter | To describe volume using the terms 'half' and 'quarter'. |
|  | Chapter consolidation | To practise various concepts covered in the chapter. |
|  | 1 consolidation day | To be used if lessons take longer than expected or a topic needs to be revisited. |

## PRIMARY MATHS SERIES - YEAR 1 LESSON BREAKDOWN

| SUMMER TERM - TEXTBOOK 1B |  |  |
| :--- | :--- | :--- |
| Measurement: Mass | Lesson Objective |  |
| Maths - No Problem! <br> Book Reference | Lesson Name | To compare the mass of objects using the terms 'heavy' and 'light', 'heavier than', 'lighter than' and 'as heavy as'. |
| Chapter $\mathbf{1 9}$ <br> - Mass | Lesson 1-Comparing Mass | To find the mass of an object using non-standard ones; to use visualisation skills to estimate the number of ones. |
|  | Chapter consolidation | To practise various concepts covered in the chapter. |
|  | To be used if lessons take longer than expected or a topic needs to be revisited. |  |

## PRIMARY MATHS SERIES - YEAR 1 LESSON BREAKDOWN

| SUMMER TERM - TEXTBOOK 1B |  |  |
| :---: | :---: | :---: |
| Geometry - Position and Direction: Space |  |  |
| Maths - No Problem! Book Reference | Lesson Name | Lesson Objective |
| Chapter 20 <br> - Space | Lesson 1 - Describing Positions | To describe the position of objects in relation to one another using varied vocabulary. |
|  | Lesson 2 - Describing Movements | To describe movements of objects using varied language. |
|  | Lesson 3 - Making Turns | To understand how to make turns using mathematical language and connect this knowledge to time. |
|  | Chapter consolidation | To practise various concepts covered in the chapter. |
|  | 1 consolidation day | To be used if lessons take longer than expected or a topic needs to be revisited. |
| Week 11 | REVISION AND END-OF-YEAR (B) TESTS |  |
| Week 12 | REVIEW AND REMEDIATION |  |

## BY DOWNLOADING THESE DOCUMENTS, YOU AGREE TO THESE TERMS AND CONDITIONS TERMS OF DOWNLOAD

This terms of use agreement sets out the terms on which you may make use of our Primary Maths Series scheme of work. By downloading and using our scheme of work you confirm that you accept these terms of use and that you agree to comply with them. If you do not agree to these terms of use, you must not use our scheme of work.

## ELIGIBILITY

We have developed the scheme of work to work alongside our textbook, workbooks and online Teacher Hub. The scheme of work is designed for teachers and parents only. The express purpose of the scheme of work is;
a) To support existing users, with a current annual subscription to our Teacher Guide, with their lesson and curriculum planning, or
b) To allow prospective users to assessment the suitability of the Maths - No Problem! Programme, or
c) For schools, with a current annual subscription to our Teacher Guide, to share with parents to demonstrate the school's maths curriculum

The scheme of work may not be reproduced or used for any other purpose whatsoever without the express written permission of the publisher.

## INTELLECTUAL PROPERTY RIGHTS

We are the owner or the licensee of all intellectual property rights in our scheme of work. Those works are protected by copyright laws and treaties around the world. All such rights are reserved. You may print off one copy and you may draw the attention of others within your organisation to content. You must not use any part of the content for commercial purposes without obtaining a licence to do so from us or our licensors.

If you print off, copy or modify any part of our scheme of work in breach of these terms of use, your right to use our scheme of work will cease immediately and you must, at our option, return or destroy any copies of the materials you have made.

Our status (and that of any identified contributors) as the authors of content on our website must always be acknowledged.
