Key Findings 2 of 5

The NFER staff survey was completed by 44 staff in your school. For every question in the survey we have calculated whether there is a significant difference in the rating applied to each statement by your staff compared to all staff in the nationally representative sample.

The 3 areas where your school is most successful and the 3 areas where your school is least successful compared to other schools which took part in the staff survey are shown below.

Areas of strength in your school are:

I know who to talk to if I am concerned about a vulnerable child or adult

This school enables me to maintain a good work/life balance

This school provides a good level of support for pupils with SEN

Areas of potential development in your school are:

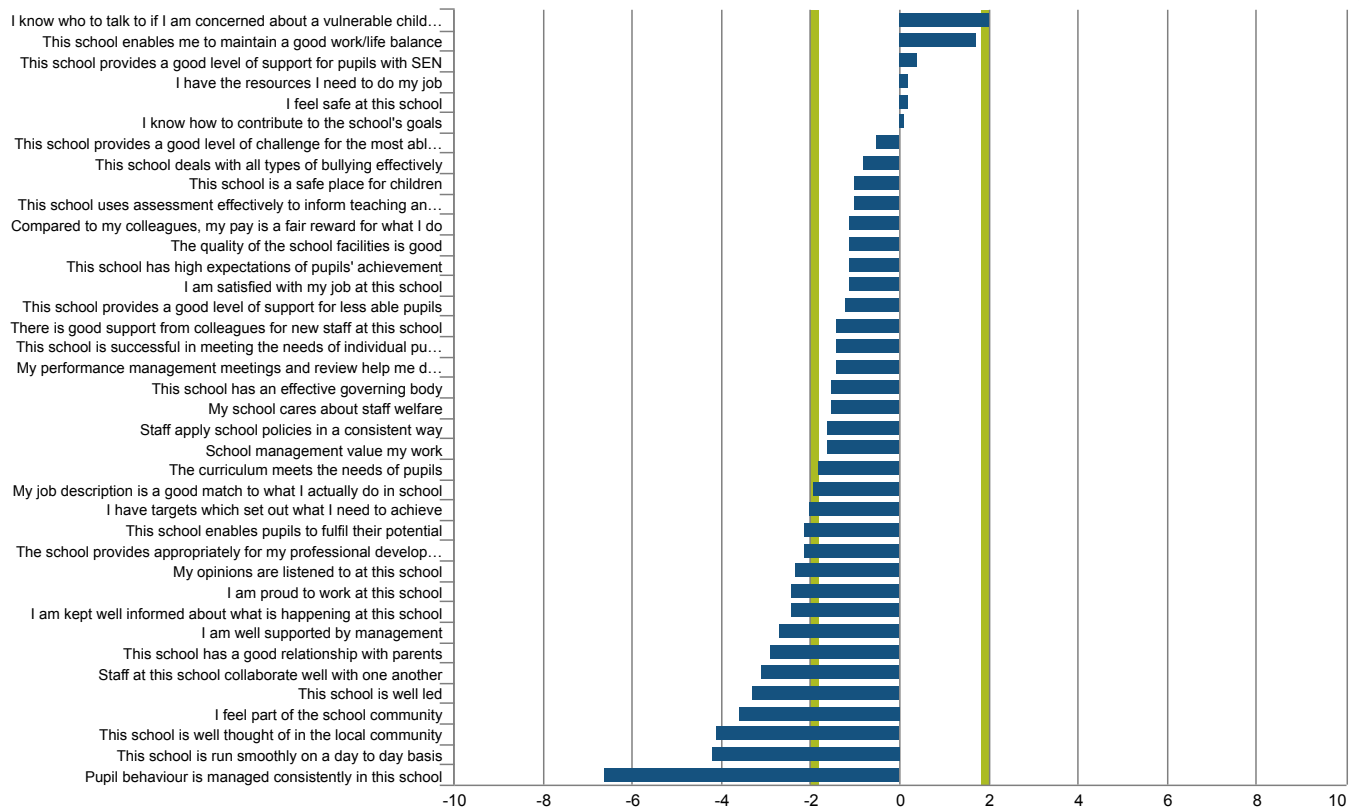

Pupil behaviour is managed consistently in this school

This school is run smoothly on a day to day basis

This school is well thought of in the local community

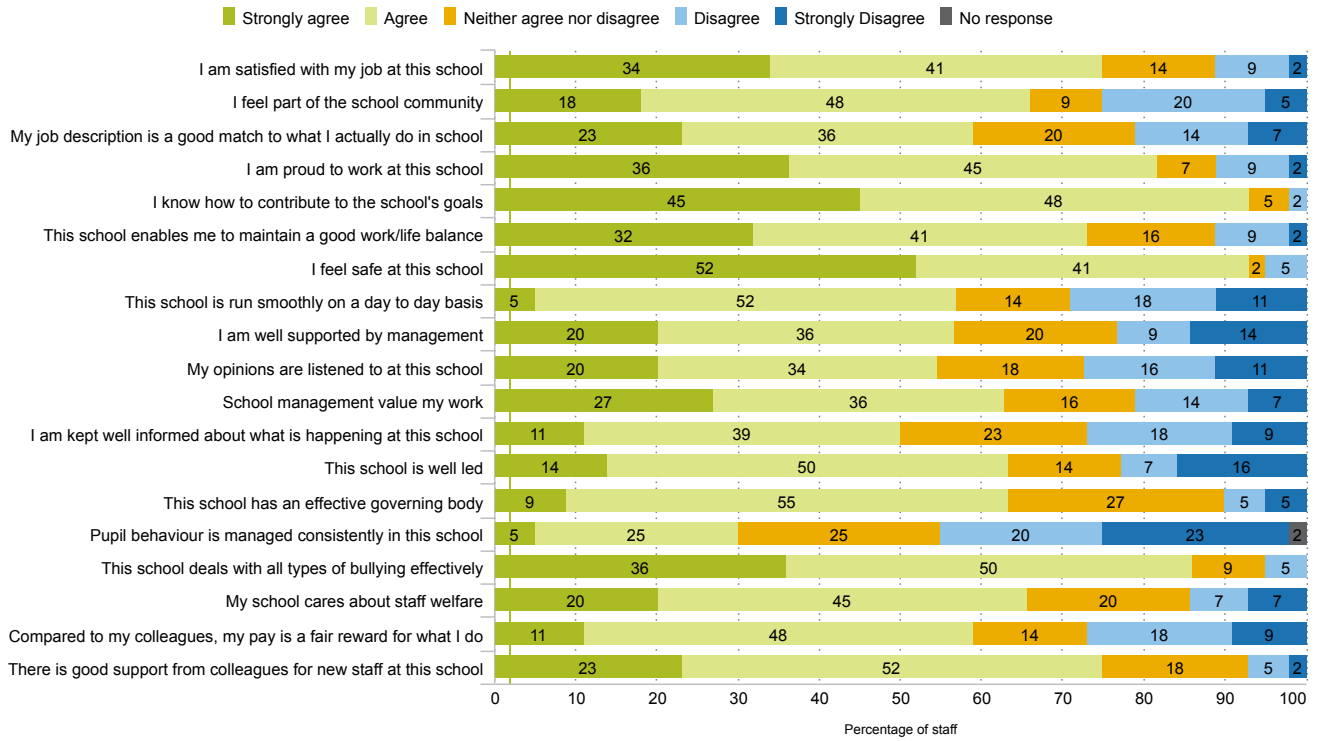

Key Findings 3 of 5 - Your School versus national overview chart

The chart below shows the extent to which responses from staff at your school are better or worse than responses nationally. These are displayed in terms of t-values(1) so that roughly speaking any values above +2 indicate that responses are significantly better in your school and any values below -2 indicate that responses are significantly worse.

(1) A t-value is a statistical measure of the difference between two quantities. For the purposes of this chart they are truncated to be between -10 and +10.
